

Sure. So, both A&O and CC WG tests payment is received.

CC we will be taking this week. A&O we will do once you send us the link.

Thank you so so much! 🌟 23:45

It is so greatly appreciated 23:46

Yesterday

Hi
We hope you are well.
The team have completed all your **CLIFFORD CHANCE - WATSON GLASER** tests as promised.

➡️ Please keep us updated, and we can assist you on each and every stage of the application also.

Recall we offer multiple range of services such as:
1) psychometric tests
2) proctored exam support
3) CV/Cover Letter
4) Job applications support (including answering motivation/competency questions)
5) University application support
6) Virtual Assistance

And Much More!

Have a nice day!
Regards,
PassPsychometric Team

Today

Please keep us updated on the remaining applications.

Recall: we can complete the application for you, from start to finish.

12:14 ✓✓

Thank you so much! I'm so appreciative. I'll be in touch with the A&O Shearman application which is upcoming 12:20

No problem! We can support you with A&O Sherman's application also. It is very important to tailor according to the recent Merge between Allen & Overy and Shearman...

12:22 ✓✓

Our inside contacts informed us clearly, that the candidates that tailor according to this, will have a higher probability of success. 12:23 ✓✓

Very good point, thank you so much for your insights. I regret not getting the same support for my CC application... although nothing can be done about that now. 12:23

extra cost? 12:23

Understand that passing the WG tests will see you will progress. HR will be in touch with you at the next stage (starting with the CV).
The end goal is to secure multiple job offers. The scores achieved are exceptionally strong for the competition.

As you may be aware already, the market for law firms are EXTREMELY competitive. To secure a job, you need every competitive advantage you can get to secure multiple job offers or Vacation Schemes programmes. Edited 12:25 ✓✓

Right, understood. I guess I will just wait and see at this point. I fully appreciate that if it does not progress it has not been anything to do with your service on the testing. 12:26

Just to clarify, this is for the first year insight schemes. 12:26

I'm wondering; do you know whether I will have to retake these tests if I redo an application with the firm? (If I do not get in this recruitment cycle)

Thank you. The cost for A&O Shearman would need your latest CV and a photo which will be used to highly customise the application. 12:28 ✓✓

Ok. Thank you, noted! 12:28

It depends on a few factors... so we cannot comment with certainty, unfortunately. 12:28 ✓✓

support@PassPsychometric.com
I'm wondering; do you know whether I will have to retake these tests if I redo an application with the firm? (If I do not get in t...

Our goal is to secure 2 job offers first-time around. So, we tend not to need our clients to re-take tests at the next recruitment cycle. 12:29 ✓✓

Plus, once we help clients secure their dream job, for new opportunities it is much easier as they will have the Experience to add to their CV. Also, they can easily be promoted internally also.

This is why it is crucial that clients use all end-to-end PassPsychometric for their 1st job offer. 12:30 ✓✓

Ok. So as reiterated, we cannot do anything about my mistake on not consulting you for help with the CC application. However, for A&O Shearman, I can pay the additional £950 for application help 12:32

Hopefully I may secure an interview for a TC even as a first year law student 12:32

When would you need that extra payment by? Considering applications open on the 6th of Jan 12:33

You can send the £950 payment latest by 1st of November 2024. 12:35 ✓✓

Ok, great. Thank you 12:36

support@PassPsychometric.com
I'm wondering; do you know whether I will have to retake these tests if I redo an application with the firm? (If I do not get in t...

Yes - because many clients we initially helped them secure the 1st year insight schemes. Then they can easily just apply internally for a Law Training Contract ... which PassPsychometric help on also! 12:37 ✓✓

Sounds amazing! Again, thanks for everything. 12:37

Most welcome. If you have any other applications, let us know.

Also as you are now an existing customer, we give complimentary services also. We can help you to find relevant job opportunities as well. 12:38 ✓✓

Another happy Watson Glaser customer!
